

DOCUMENT HOLDERS AND DOCUMENT DISPLAY PANELS

A4 ACRYLIC DOCUMENT HOLDER

Polycarbonate - Tamperproof - UV Protection - Universal Fitting - Waterproof

POLYCARBONATE

This product is made from polycarbonate which is fully transparent, extremely durable and has 30 times the impact strength of standard acrylic sheet and offers low scratch-resistance.

TAMPERPROOF

Once the documents are fitted, and the plate is secured to the chassis, access to the documents is thus denied.

ULTRA VIOLET PROTECTION

UV stabilizers have been added to the polycarbonate to protect documents from light exposure.

UNIVERSAL FITTING

The Display Holder has been specifically designed to fit into existing manufactured location holes and can be rotated in at least eight different ways, making it easy to fit into a desired position.

WATERPROOF

Securely fitted O-rings ensure the Holder is resistant to the effects of weather and water for example when washing off trailers.

Code	Description	Dimensions (mm)			Weight kg
