

Product Name: Fixed Louvre Grille, Aluminum with Screen – Silver Finish
Product Code: BYFGARA

General Diagrams

Definitions:

Neck size: Cited in listing title. Size of the opening that would be cut into the wall/ceiling to install the grille. Depicted via L1 in the schematic

Overall size: Total size of grille as visible once installed. Depicted via L2

Depth: Depth of grille neck (excluding thickness of front face). Depicted via D1

Size chart:

Product number	Neck size L1 (in)	Neck size L1 (mm)	Overall size L2 (mm)	Depth D1 (mm)
BYFGARA-1212	12X12	300X300	358X358	37
BYFGARA-1414	14X14	350X350	408X408	37
BYFGARA-1616	16X16	400X400	458X458	37
BYFGARA-1818	18X18	450X450	508X508	37
BYFGARA-2020	20X20	500X500	558X558	37
BYFGARA-2424	24X24	600X600	658X658	37

Other specifications:

- Anodized Aluminum Finish - beautiful aesthetic, with improved scratch, rust / corrosion and wear resistance
- Heavy Duty, robust construction
 - Frame thickness: 3.0mm aluminum
 - Louver thickness: 2.0mm aluminum
 - High rigidity for minimization of noise
- Weather Proof - Extra deep and steeply angled louvers for the highest protection from rain, snow and wind ingress
- Galvanized steel mesh
- Made in China

Installation Guidance

Self tapping screws (not included) can be used to drill directly into the grille face or neck, depending on preference, and fix it to the surface (wall or wooden frame) as required.

Material: Aluminum Alloy
Finish: Anodized Aluminum
