Pattern note: The number of sts varies whilst working patt. Count sts after patt rows 5 and 6 **only**. All st counts given refer to original number of sts and do NOT take into account any sts lost whilst working patt. When working shaping through patt, you may find it a help if you place markers between each patt rep. At ends of rows, where there are not enough sts to work a full (or part) patt repeat, work edge sts of rows in st st.
