Wall white - 5060329430631
Wall black - 5060329430648
Desk white - 5060329430662
Desk black - 5060329430679

### Materials

Frame	Steel
Colour	White or black

### Description

The armourdog® secure tablet kiosk for the Samsung Tab A8 10.5" protects your tablet from casual theft and accidental damage in a stylish, no-nonsense design. Available in a desk or wall-mounted format, this Samsung Tab kiosk can be tilted up and down to ease viewing. You can also select a portrait or landscape orientation. The clever cable management design and optional extra-length charge cables keep the tablet powered through the day and eliminates cable clutter. Our stands are "radio transparent" and allow Wi-Fi, Bluetooth and 4/5G signals to remain fully functional, while the strong metal facia prevents both deliberate and unintentional damage. There is a cut-out on the rear of the kiosk to allow for the camera to be used for document or barcode scanning. All models are made with tempered steel and incorporate a Kensington style lock to ensure you keep your tablet safe from theft.

We pride ourselves in the top-quality materials and manufacturing process we use, which is why all armourdog® products are backed with a 2-year defect warranty.
