

# Elite Flex Arm Tablet Stand

The Elite Flex Arm features a flexible, adjustable arm with a secure, lockable tablet holder, perfect for commercial settings. It offers easy installation and internal cable management, making it an ideal solution for secure and interactive countertop displays. Available in white and black.

## 4 Point Lock

The Elite tablet enclosure now includes a new model available for selected supported devices, featuring an easy-release latch for added convenience. Both models maintain a lockable faceplate secured with a barrel key and four-point lock for enhanced security. For even greater protection, unique key and barrel sets are also available. The Elite tablet stand is perfect for high-traffic areas or commercial and educational environments where additional layers of security are essential for your device.

## Cable Management

Keep your tablet powered with seamless internal cable management in the fully enclosed case. The Elite Flex Arm offers two cable management options: discreetly route the cable from your device through the Elite case and Flex Arm, or use the convenient rear cutout in the case for direct access.

# Flexible Movement

The Elite Flex Arm stand is built for versatility, perfect for visitor management and POS. Its flexible, 90-degree tilt makes it easy to adjust to your preferred angle for ergonomic comfort, ideal for retail, hospitality, and office settings.

# Screw Mounting

The Flex Arm securely mounts to your countertop with four wood screws for maximum stability, topped off with rubber plugs for a sleek, finished look.
