A close-up photograph of the lock mechanism on the Elite Evo Floor Stand. The device is black with a silver-colored metal lock barrel and a four-point lock. The BOSSTAB logo is visible on the metal plate above the lock. The background shows the textured black plastic of the stand's base and a fan grille.

## Elite Holder Option

### Secure 4 Point Lock

The Elite Evo Floor Stand features a lockable faceplate that secures with a barrel key and four-point lock for ultimate security. As an additional security option, unique key and barrel sets are also available. The Elite Evo Floor Stand tablet holder is ideal for high-traffic areas or any commercial or educational environment where additional layers of security may be required for your device.

# Touch Holder Option

Designed for all tablets.

Whether you are using an iPad, Samsung or any other branded tablet, this Touch case can accommodate any device with a flat back with adhesive strips. Simply attach the adhesive plate to your desired tablet and secure to the Touch case with a security key.

# VESA Holder Option

100mm VESA

The Evo VESA floor stand is a versatile display solution for businesses. Designed to hold any 100mm VESA-compatible tablet or monitor, it ensures a secure and stable display.

## Cable Management

Easily charge your device with internal cable routing through the Elite, Touch or VESA case and down the stand. The cable can either go through the mounting surface or out the back of the stand depending on your use case.

For complete internal cable management, we recommend using the Elite case option for a secure and sleek cable management selection.

# Strong Molded Metal Construction

The Evo Floor Stand has been constructed with molded metal and features a durable powder coated finish. This 3.28 ft (1 meter) tall stand is secured with a 11.81" x 11.81" (30cm x 30cm) base plate weighing in at 8.4lbs (3.8kg) and also features 4 screw holes for mounting for additional security if needed.
