

# Seamless Mobility

The Link features integrated charging, so your tablet stays powered without cables getting in the way. Simply lift the device from the stand when you need to move.

When you're ready to dock again, just place the tablet back on the stand.

# Smart Security

The Link keeps your tablet secure while still giving you the freedom to move. Its Multi-Mode Locking System lets you switch between modes with ease.

## Link Key

Place the Link Key over the lock slider to switch between modes.

**Unlocked**  
For quick access.

**Button Release**  
For controlled portability.

**Locked**  
Full security when needed

# Universal Puck

A compact, ergonomic grip designed to stay attached. The low-profile puck secures to the back of your tablet with strong adhesive and features a non-slip surface for confident, comfortable handling.

Adjustable Cable Length

Additional USB-C Port

# Mount It Your Way

Choose from four versatile mounting options to suit your space and setup.

## Freestanding

Ready to go, no installation required.

## Screw Mount

For a permanent, secure solution.

## Adhesive Base

When drilling isn't an option.

## 180° Swivel Base

Ideal for customer-facing interactions.

# Built-In Tilt Control

Find the perfect angle with a 45-degree tilt adjustment, giving staff and customers a seamless experience at any counter or kiosk.
