

Mini scene light with strobe lights

- ✓ Minimalistic scene light with multifunction
- ✓ Approved as a reversing light, approved flash pattern
- ✓ 2.5 meter long cable simplifies installation

This compact, E-approved stage light combines a wide 120° beam with a practical format and provides a strong and even light output even in confined spaces. The integrated strobe light, approved according to R65, makes the lamp particularly suitable for use where clear visual attention is required, for example in daylight or in high-activity work areas. The high IP rating, together with its robust construction, ensures reliable operation even in demanding conditions.
