

Nano reverse light 30W

- ✓ Extremely low profile with a height of 17 mm
- ✓ Approved as a reverse light, ECE R23
- ✓ 140° wide beam pattern

Nano reversing light from LEDSON is an ultra-compact solution for powerful lighting. With a height of only 17 mm, the Nano is very discreet when mounted on the vehicle, while delivering a very strong light with a 140° super-wide beam pattern. The reversing light is designed to provide high visibility behind the vehicle when reversing and is virtually invisible when not lit.
