

Epix 4.5+ work Work light

- ✓ Reflector-free dark look with custom LEDs
- ✓ Textured lens provides a very even light distribution
- ✓ Selectable position light in red or yellow-orange

EPIX4.5+ WORK is the work light for those who want to combine powerful performance with modern design. The dark reflector and selectable position light in red or amber give the vehicle a unique and personalised appearance, while the ribbed lens creates a soft, even and comfortable light pattern. With a full 4,800 lumens and a wide 100° beam spread, you get optimal illumination of the working area when visibility is most critical. Whether you are working in darkness, rain or dusty environments, EPIX4.5+ WORK delivers reliable performance. Thanks to its IP69K rating and robust construction, EPIX4.5+ WORK is built to withstand demanding working days, harsh weather conditions and the most challenging environments.
