

Epix30+ Prime Strobe LED bar 30" 270W Powerboost

- ✓ Exclusive design will make you visible with style
- ✓ Integrated position light, R65 approved strobe light
- ✓ Epix30+ Strobe reaches 672 m at 1 lux with Powerboost

Epix is a LED bar with a proprietary, sports-inspired design adapted for today's modern vehicles. R65-approved strobe lights ensure high visibility, while the world's only Position light is fully integrated into the reflector. The Epix30z Prime model is also available in a version without the strobe light function.

The LED bar's dynamic ignition of the position light provides an effective start sequence. The design is developed to bring together all the key functions required in a modern LED bar. Performance is optimised in E-approved mode, with the option of powerboost for use in off-road mode when maximum brightness is required. R65-approved strobe lights increase safety when working on the road, regardless of weather conditions and time of day. Smart mountings developed in-house enable flexible mounting on the vehicle, both in terms of placement and orientation.

SKU	334915189
1 LUX AT X METERS	458 m, Powerboost: 672 m
ARTICLE GROUP ID	1142
BEAM PATTERN	Driving beam
COLOR	5000K
DEPTH (MM)	61
DEPTHNO	61
E-MARKED	ECE R65
EFFECT	270 W
FUNCTIONS (POSITIONS)	High Beam, Warning light
HEIGHT (MM)	43
HEIGHTNO	43
INCHES	30 tum
LUMEN (ACTUAL)	16300

LUMEN (THEORETICAL)	23200
MANUFACTURER	Ledson
MOUNTINGPOSITION	Horizontal
POSITION	High Beam, Warning light
POWER CONSUMPTION	270 W (18 x 15 W LED)
RANGE	458 m (1 lux), Powerboost: 672 m (1 lux)
SOCKET	Direct cable connection
TYPE OF MOUNT	Rear attachement, Side mounting
WARRANTY	36 months
WIDTH (MM)	740
