### **BEFORE USE**

Select a level, flat surface. Clear away any sharp objects that could damage the fabric.

## QUICK SET UP GUIDE

- Recommended 2 person set-up.
- Remove the windbreak from the carry bag and place flat on the ground.
- Pre-assemble the 3 steel poles.
- Insert a steel pole through each sleeve with the spiked end of the pole at the top of the windbreak.
- Once all 3 steel poles have been inserted into the sleeves, tie 2 guy-lines around the top of each pole as shown in FIG 1 below.

FIG 1

- Starting from an end pole; peg down the webbing loop at the base of the sleeve.
- At an angle of approx. 45 degrees from the pole peg down each guy-line ensuring the pole is vertical as shown in FIG 2 below:

FIG 2

- Repeat for the middle and end pole ensuring the guy-lines are pegged at the same angles.
- Peg down the middle webbing loops and tension all guy-lines.
