Horse Rugs - Size Guide

GG GEAR SIZE GUIDE

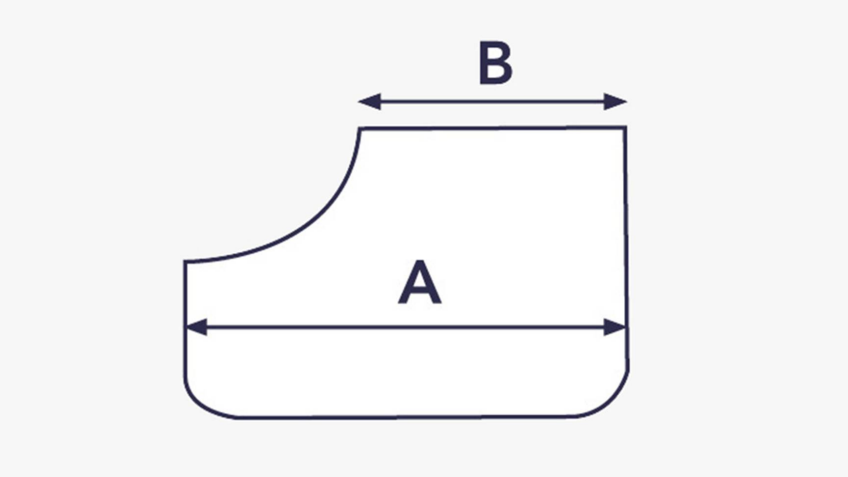

Sizing advice: A correctly fitted rug should sit comfortably and securely without rubbing or slipping. Horses vary in shape and build, so use the measurements below as a guide and consider your horse's conformation when selecting a size.

Horse rug measurements

Horse Size	UK	USA	Europe	Measurement A	Measurement B
10.2-11hh	3'9"	45"	75cm	114cm	75cm
11-11.2hh	4'0"	48"	80cm	122cm	80cm
11.2-12hh	4'3"	51"	85cm	130cm	85cm
12-12.2hh	4'6"	54"	90cm	137cm	90cm
12.2-13hh	4'9"	57"	95cm	145cm	95cm
13-13.2hh	5'0"	60"	100cm	152cm	100cm
13.2-14hh	5'3"	63"	110cm	160cm	110cm
14-14.2hh	5'6"	66"	120cm	168cm	120cm
14.2-15hh	5'9"	69"	125cm	175cm	125cm
15-15.2hh	6'0"	72"	135cm	183cm	135cm
15.2-16hh	6'3"	75"	140cm	191cm	140cm
16-16.2hh	6'6"	78"	145cm	198cm	145cm
16.2-17hh	6'9"	81"	155cm	206cm	155cm
17-17.2hh	7'0"	84"	165cm	213cm	165cm
17.2-18hh	7'3"	87"	170cm	221cm	170cm

Please note: Measurements are approximate and should be used as a guide. Fit can vary depending on the individual horse's shape and conformation.

How to measure

Measurement A - Full rug length
Use a soft tape measure. Measure from the centre of the horse's chest, horizontally across the point of the shoulder and continue to the furthest point of the hindquarters.

Measurement B - Back length
Measure along the rug's topline from the front of the back section to the rear edge, as shown in the diagram.
