

DATASHEET

PRODUCT: Disposable Wristbands Mifare 1K

Product Code: GRI106

Overview

This RFID wristband tag was designed for healthcare applications such as tracking patients in hospitals and clinics. This tag can be used for access control for amusement parks, concerts and conferences, recreational venues and more. RFID wristbands can provide automated data capture that boosts efficiency and accuracy while reducing costly and dangerous errors.

The wristband can also prevent counterfeiting of admissions, at entertainment venues and can also be used for cashless payment applications.

Printing is available for this tag.
