

Data Sheet

Silicone Adhesive Polyester Tape

Description PET Silicone Adhesive Tape

Colour Red

Physical Properties

Backing Thickness 50 micron

Adhesive Thickness 35 micron

Total Thickness 85 micron

Adhesion to Steel 8 – 10 N/Inch

Tensile Strength 20 Kg/Inch

Elongation at Break 20%

Electrolytic Corrosion Factor 1

Temperature Resistance

High Temperature 220°C

Storage Conditions 20°C / 65% R.H

At the time that this document was created, this data was deemed accurate.
