A6 Borderless (from A4)

Document size 210x297mm

The dotted line is the finished size of your card before folding.

Anything placed outside of this area will be trimmed off.

Red line = cut here

FRUNI

Design your card here

Fold line

This is the Bleed Area.
All images or colour that prints to the edge of your card should be extended to this point. It will **not** print but will ensure no white lines appear on your card.

This is the Non Text Area.
Avoid putting any text here
as any text placed in this
area will run too close to
the edge of the card.
