2x \*\*00384 blau

N° 4

N°18

# Bucket Hat

## ABBREVIATIONS

**ch** chain  
**dc** double crochet  
**sl st** slip stitch  
**htr** half treble  
**st(s)** stitch(es)  
**rd** round

## TENSION

16 htr and 12 rows = 10 cm

The hat is worked in rounds. Each round starts with a ch (does not count as st) and ends with a sl st. For a perfect form work the increases on different places in the round, so you don't produce edges or bumps. The blue Metallic Neon Yarn is held double with the cotton yarn. The yellow and orange stripes are worked with two threads of the Metallic Yarn!

## INSTRUCTIONS

Build a magic ring with Metallic Blue colour 00345 and Creativa Fino colour 00384, work with these two threads!

**Rd 1:** 8 htr into the magic ring, pull tight

**Rd 2:** 2 htr into each htr

**Rd 3:** \*2 htr into 2 following sts, 2 htr into next st\*

**Rd 4 – Rd 10:** increase 8 sts in the round (90 htr)

**Rd 11 – Rd 12:** increase 6 sts in the round (96 htr)

**Rd 13 – Rd 21:** no increases, htr

When you work yellow or orange hold the yarn double.

**Rd 22:** htr in colour 00343 neon yellow

**Rd 23 – Rd 25:** htr colour blue

**Rd 26:** htr, colour 00347 neon orange

To form an even brim increase sts on different places in the round.

**Rd 27:** htr, colour blue

**Rd 28:** \*4 htr, 2 htr into next st\*

**Rd 29:** \*5 htr, 2 htr into next st\*

**Rd 30:** \*8 htr, 2 htr into next st\*

**Rd 31 – Rd 32:** htr

Finish off with 1 sl st, cut yarn and weave in ends.

## Tip:

The hat makes a nice children's hat, for that you only increase up to 80 htr and from round 20 work with yellow and orange.

The brim is worked like the instruction.

## WASHING ADVICE

Always wash in as warm a water temperature as possible - up to the temperature recommended, with a short spin. Use a lot of water if hand washing. For darker colours we recommend the use of discolouration sheets.

Do not bleach.

Do not tumble dry. Drip-dry on a horizontal surface.

Iron at a low temperature using a damp cloth.

Professional dry cleaning in tetrachloroethylene.

Do not use optical brighteners (or any detergent containing optical brighteners).
