The most important quality of Hooooked Zpagetti is the varying thickness and texture of the thread. That's why it is important to keep looking at the dimensions and the shape of the crocheted bag for each pattern. The number of stitches per row is therefore not a fixed number, but should be determined depending on the desired dimensions of the end result.

Continue making your circle in this way until it reaches the size you want for your cushion.

Make another circle like the first, and stitch them together.

1. Place the circles with their wrong sides together, and whip stitch them together leaving approx. a 1/3rd open to insert a cushion pad. Insert cushion pad and then whip stitch the opening close.
2. Work dc round the edge.
3. Finish off and weave in the loose end.

Finish with a Shell Edging

This edging is a multiple of 3tr + 1ss.

1. ss in first stitch. *miss the next stitch, work 3tr in the next st, miss next stitch, ss in next stitch*. Repeat from * to * and end with a ss.

Fasten off and weave in the loose ends.
